

INDUSTRY

Energy & Petrochemicals

Multi-location deployment of global template for EnterpriseOne 8.11

BUSINESS BENEFITS

Lower Total Cost of Ownership because of accelerated deployment and minimum business discontinuity.

L&T Infotech helped a Fortune 10 energy company successfully roll out a complex, multi-vendor, multi-country, multi-language initiative.

THE CLIENT

Our client is one of the world's leading energy companies. Based in the US, their activities span oil & gas exploration, refining and marketing of oil, lubricants, fuels, petrochemicals and power production businesses.

THE CHALLENGE

The client was seeking to upgrade their current WorldSoft & OneWorld Xe to EnterpriseOne 8.11. The rollout needed to happen with minimum business disruption across multiple geographies.

THE SOLUTION

The highlights of the solution were:

- Accelerated deployment at multiple countries
- 35 reports developed using Crystal Reports Professional version 11.0 for Oracle database
- Applications developed and customizations carried out to meet specific requirements

- Provided functionality for Equipment Management, Work Order Management, Preventive Maintenance Cycle, MIS reports, Z-file uploads
- Lower Total Cost of Ownership through robust business solutions, configuration, testing, user acceptance, training and documentation

L&T Infotech is a 100% subsidiary of the US\$ 7 billion, technology-driven engineering and construction major, Larsen & Toubro. We offer comprehensive, end-to-end software solutions and services to leading companies across the globe. We provide the winning edge to our clients by leveraging our business-to-IT connect and deeply committed people.
