

Global Leader in Fire & Gas Safety Solutions Achieves Seamless Integration with L&T Infotech's JD Edwards EnterpriseOne 9.1 Implementation

Client

Client is a global leader in products/services for complete fire & gas safety solutions, and part of a leading provider to the aerospace and building systems industries worldwide. They also provide premium flame & gas detection and hazard-mitigation systems for high risk processes and industrial operations.

Challenge

- Replace Legacy PRMS system with a state-of-the art ERP for the client's North America locations
- Eliminate surrounding home-grown applications
- Implement integrated Sales, Procurement, Manufacturing, Quality and Finance Solution
- Improve Performance, Cost Management and Control

Solution

- Implementation of core Finance, S&D, and Manufacturing Module
- Unique custom Solution to ease Quality in receiving and inspection processes
- Seamless integration with JDE and ShipSoft (Third party Shipping software). Custom JDE workbench to continue shipments when ShipSoft system is unplugged

Benefits

- Replaced 400+ PRMS Reports, with handful of 60 JDE Custom Reports
- Generic solution to cater 30+ variants of Transform Label designs from a single custom application
- Integration with in-house Labour Reporting System
- Finance Integration with SAP, IMS Systems
- Credit Card Secured Solution
- Auto Email trigger functionality with attachments on Invoices, SOs, POs to customers and suppliers

Products

- **JD Edwards EnterpriseOne 9.1**
- **Modules** - Finance, Manufacturing and Sales & Distribution
