Case Study

Oracle Access Manager SSO Solution
Deployment for Enterprise ERP

A Larsen & Toubro
Group Company

Client

Fortune 50 Oil and Gas Major

Challenges

The client faced following challenges

- To ensure minimal intervention to users and to standardize UAM processes
- Geographically distributed users leading to multilingual support for UAM & IAM
- To rollout simultaneously across 4 geographies and multiple BUs

LTI Solution

- Current state assessment of the ERP Access Landscape, documentation of key access management requirements, evaluation of target architecture & change impact on users
- SSO Rollout for all geographies with UAM Standardization

Business Benefits Delivered

- Simultaneous rollout of single sign on feature for ERP Access to over 15000 Users with improved user experience
- Optimized architecture led to reduced breakdowns and incidences resulting in lowering of maintenance costs.
