Case Study

Enterprise-Wide Paperless Solution
for Oil & Gas Major

A Larsen & Toubro
Group Company

Client

India-Based Oil & Gas Major

Business Objectives

The client was plagued with a cumbersome and manual paper-based process across its units in India. A lack of appropriate reporting mechanism hindered visibility across different LOBs. 20% of physical records being printed were never retrieved, which led to massive security risks. Storage of physical records required a dedicated physical space in offices, which escalated operational costs.

LTI Solution

LTI leveraged its digital workplace solution, e-Office, to automate day-to-day office activities & processes on the platform, and eliminate the movement of paper & file in physical form. Key features of the solution include:

- Centralized solution to orchestrate the overall business process.
- Streamlined & integrated applications.
- Pre-built integration with SAP and other applications, using ESB.
- Approval on-the-go using BPM workflows.
- Centralized document repository.

With e-Office, LTI helped client:

- Map 4,500 manual processes to 600 unique business processes.
- Scan and upload 50 million documents.
- Access all documents to 35,000 users.

Business Benefits Delivered

- **30%** reduction in TAT for approvals.
- **50%** reduction in TCO for document storage.
- **50%** improvement in productivity.
