

## LTI and IBM Inaugurate Innovation and Experience Center in Bengaluru to Help Clients Accelerate Digital Transformation

*Companies will collaborate in the areas of hybrid cloud, security, data, and AI offerings*

**Mumbai – November 25, 2021:** Larsen & Toubro Infotech Ltd. (BSE: 540005, NSE: [LTI](#)), a global technology consulting and digital solutions company has opened an Innovation & Experience Centre at LTI Whitefield campus in Bengaluru (India) focusing on IBM technologies. The Center will assist enterprises in modernizing their operations and accelerating digital transformation journeys.

This Innovation and Experience Center will showcase LTI solutions that have been co-created using IBM technologies such as IBM Cloud and Cloud Paks. The Centre will also serve as a forum for customers to engage with LTI and IBM technical resources for in-depth technology briefings, solution demos, software, tool access and solution workshops.

**Sudhir Chaturvedi, President-Sales and Executive Board Member, LTI,** said: “The rapid technological advances make it necessary for customers to experience solutions before adopting them. Our new center in Bengaluru fulfils this need for the joint customers of IBM and LTI. This center will offer combined benefits of LTI’s rich domain proficiency and IBM’s deep technical expertise, and thereby assist clients in their transformation journey.”

Through this center, IBM and LTI will collaborate and invest in creating joint solutions and develop industry viewpoints around digital transformation, hybrid cloud, data & AI, and security services. In addition, both LTI and IBM teams, will work with customers to address their requirements around driving digital transformation and managing multiple clouds.

**Evaristus Mainsah, GM, Hybrid Cloud and Edge Ecosystem, IBM,** said, “This center is an outcome of our growing alliance with LTI to help clients predict, automate, secure, and modernize their business operations. We are confident our clients will benefit from the ease of access to industry-specific assets and customized joint solutions with IBM’s open hybrid cloud approach that will help to accelerate their transformation journeys.”

Distinct features of the center include an IBM Playground for associates to explore and experiment with prototypes, History Zone that highlights LTI-IBM alliance journey, joint customer success stories, Innovation Zone for brainstorming on innovative ideas and planning future offerings, and Discussion Zone with feedback mechanism to ensure continuous improvement.

LTI has [strong capabilities](#) in IBM’s Digital Business Automation portfolio. LTI’s Automation consultants are helping clients in driving productivity improvements with industry specific pre-built IBM frameworks. Earlier this year, LTI and IBM had announced expansion of their [global alliance](#).
